STEAM LOCO 2-6-0 MOGUL

The 2-6-0 Mogul was a fast freight locomotive of the late 1800s, designed as a successor to the 4-4-0 American locomotives. The Mogul's larger drivers gave them greater speed than the slower heavier 2-8-0 Consolidations, and their ability to outperform the 4-4-0 in both power & speed on runs with frequent stops & fast schedules made them a much accepted workhorse. Some were earmarked for passenger service because of their speed & reliability. Though many Moguls had disappeared from service on Class I railroads by 1930, some continued to serve well on smaller railroads well into the 1940s. A handful of restored Moguls are working even today on preserved scenic railroads.

IHC POWERED EQUIPMENT AND COMPONENTS COME WITH A 90 DAY LIMITED WARRANTY.

IHC will remedy any defect or malfunction occurring in any component within 90 days from date of purchase. This warranty does not extend to defects or malfunctions which are caused by damage (not resulting from the defect or malfunction) while the product is in the possession of any consumer, or by unreasonable use (including failure to provide proper lubrication) while the product is in the possession of any consumer.

This warranty is given in lieu of all expressed warranties, including but not limited to implied warranties. All implied warranties of fitness and merchantability, shall expire ninety (90) days from the date of purchase. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

Under no circumstances shall IHC be responsible for any incidental or consequential damages arising in regard to any IHC product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you.

In order to validate this warranty, the Owner Registration Card enclosed must be completed and mailed within ten (10) days after purchase of product: to IHC
PHILADELPHIA, PA 19134 USA.

If warranty service is required within ninety (90) days from the date of purchase, please send the component requiring service, postage prepaid, to IHC, Philadelphia, PA 19134. If warranty service is required after more than ninety days from date of purchase, please send the component requiring service, postage prepaid, with a check or money order for USD 5.00 to cover postage and handling to IHC, Philadelphia, PA 19134. In either case please write a letter explaining the nature of your difficulty and enclose it with the component.

At the option of IHC, the component will either be repaired or replaced, except that if either repair or replacement are not practicable, then a refund of the purchase price will be made. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

In the event you have questions concerning use and care of your purchase or any complaints concerning services, please write:
